Our God Is Lord

Ps. 95:1-2 Come, let us sing for joy to the LORD; let us shout aloud to the Rock of our salvation. Let us come before Him with thanksgiving and extol Him with music and song.

Are you a singer? We all are, except for some of us, it's just in the shower when no one is listening. Whether you could be cutting singles for the world to hear, or just singing in your heart to the LORD, we all ought to be praising the LORD with our voices.

Singing and music are nothing new. In fact, it is going on constantly in Heaven. The angels are continually worshipping the LORD and I can't wait to see what it will be like to join with all the redeemed as we sing worship to the Almighty God. I believe there will be shouting and complete exaltation of the One Who deserves it and to Him forever. Can you imagine the joined voices of all the saved singing together? We will finally see, hear and understand what true worship and praise is all about. It is all about You LORD! You are worthy of all honor and glory and praise. You are great and mighty! When we've been there for eternity, it still won't be long enough to tell You how awesome You are!

Homework: Sometime today, just spend ten minutes alone with Him and sing Him songs of praise. Hint: if you're like me, find a solitary place....

Dear LORD, You alone are worthy. You deserve, every moment of every day, to be praised. Help us to lift You up and exalt You. In Jesus Name, Amen.
